POWER BREEZER S-CLASS

MOUNTED ATOMIZING COOLERS

The Power Breezer S Class truly cools where no other solution can. These mounted units provide focused, powerful, intelligent cooling in hard to reach areas such as trailers, pick lines and shipping docks.

- Intelligent technology - provides controlled, adaptable cooling with no user input necessary
- Atomized water cools a large area without getting people or equipment wet
- Multiple mounting options offer targeted zero footprint cooling

Model	PBS2-65B	PBS2-126P	PBS2-126S
Warranty	3 Year Limited	3 Year Limited	3 Year Limited
Cooling Capacity	Up to 65,000 Btu/h	Up to 126,500 Btu/h	Up to 126,500 Btu/h
Wind Range	Up to 65 feet	Up to 100 feet	Up to 100 feet
Air Volume (CFM)	7,800	9,100	9,100
Power Source	110V or 277V (Hardwired)	110V or 277V (Hardwired)	110V or 277V (Hardwired)
Water Consumption	Up to 8 Gallons/Hour	Up to 15 Gallons/Hour	Up to 15 Gallons/Hour
Mounting Types	Single Arm (Right or Left), Horseshoe, Street Light		
Airflow & Cooling Controls	Manual	Manual	Autonomous or Manual
Optimization Sensors	None	Ambient Temperature, Humidity	Ambient Temperature, Humidity, Lidar, Infrared Temperature, Distance

*Weight calculation: The cooling unit weight does not include the control panel, mount, hardware, etc.

POWER BREEZER C-CLASS

HVLS CEILING FANS

Power Breezer C Class units provide ceiling mounted, high volume cooling for your high traffic work areas. Keep air flowing and productivity high with this zero footprint, ceiling mounted powerhouse.

- PMSM (Permanent Magnet Synchronous Motor) drive motor for slimmer design, reduced weight and double-bearing transmission is completely sealed, making the motor truly maintenance-free
- Digital wall controller with status interface
- 5 contoured aluminum airfoils
- Durable construction for long-lasting performance
- Low noise operation

Model	C160S	C180M	C200L	C240SL

Air Volume (CFM)*	406,119	431,039	455,960	522,577
Max Fan Speed (RPM)	75	65	60	56
Body Weight (Lbs.)**	253.5	264.6	284.4	297.6

*CFM values of HVLS fans are influenced by various factors such as ceiling height, room shape, obstructions, and other environmental conditions.

**Weight calculation: The main body weight does not include the control box, extension rods, top connecting parts, etc.

POWER BREEZER H-CLASS

HVAC COOLERS

If your environment includes workers in high tech positions that need personalized cooling, look no further than the Power Breezer H Class. The H Class is a line of portable, personal air conditioning systems that provide powerful, dry cooling for 1-3 individuals.

- Uses environmentally friendly R32 refrigerant
- No need to install: plug and play, portable and safe
- Safety features: overheating temperature and overload power-off protection
- Adjustable swing and bending design of the air duct, no dead angle exhaust
- Control panel design prevents dust from entering
- Large capacity condensate tank

Model	H530M	H750L	H950SL
Warranty	3 Year Limited	3 Year Limited	3 Year Limited

Condensate Tank (Gal.)	.79	1.32	1.85

POWER BREEZER M-CLASS

ATOMIZING COOLERS

The Power Breezer M Class is the pinnacle of mobile cooling solutions. Built rugged, these atomizing cooling machines oscillate up to 60 degrees providing a massive cone of cooling for your high concentration work zones.

- Durable portable design can be used in hard to cool indoor and outdoor areas.
- No filters, nozzles or hose connections results in cleaner air, lower costs, and minimal maintenance.
- Easy 2-minute set-up just add water and turn on.
- Atomized water cools a large area without getting people or equipment wet.

POWER BREEZER E-CLASS

EVAPORATIVE COOLERS

Evaporative cooling provides high efficiency cooling in areas where things need to stay cool and dry. The Power Breezer E Class offers mobile long, running performance for your high concentration, machine driven work zones.

- Attractive compact design
- Wheeled units with integrated water tank for multiple applications
- Long uninterrupted running time before water refills
- Centrifugal fan
- Automatic water supply
- Eco-friendly: no compressor, no gas, very low consumption
- 8.2 foot grounded power cord

Model	E520M	E780L	E1220SL

POWER BREEZER F-CLASS

DRUM FANS

If portable, powerful air movers are what you are looking for then the Power Breezer F Class fans are the way to go. The F Class are rugged high powered mobile fans that will bring cooling to any work zone in your facility.

- Roto molded construction for durability
- Powerful aluminum fan blades
- Stackable design for easy shipping and storage
- Design allows multiple units to be joined
- 15 foot grounded power cord
- Four rubber wheels, for convenient transportation and positioning

Model	F240S	F300M	F360L	F420SL
